MEET OUR SPEAKERS!

Frédéric MAURON
Head of Health & Safety Systems and Processes

After a 26 year career in the French Navy, 2 warship commands, war college graduate, UK, Italy, Frédéric Mauron, CPM joined the Oil&Gas sector as a HSE/Security specialist and more recently the cement industry in Switzerland, then France. Frédéric has a passion for safe & secure industrial operations.

Back to basics: from safety & security to resilience

What makes your Company resilient to disruption? Your ERM? Your Crisis & BC management?
Let's go back to basics in safety and security for your people: their awareness and training in safety and security is clearly the first milestone in your journey towards effective resilience

Session on Friday 17 May 2019

Cécile BASTIEN REMY
Public Speaking Jedi | Trainer | Speaker

Cécile Bastien Remy is a Public Speaking Jedi / Trainer and Speaker. She feels the force and with an enthusiastic energy helps professionals to sharpen their message, communicate their ideas with impact, taking their speaking skills to the next level.

You are who you choose to be

Cécile's speech is linked to her personal story and on the topic of resilience. How do you transform tragedies that threaten everything you hold dear into the realization that success is possible by choosing who you want to be?

Andrea
BONIME-BLANC

Founder and CEO
GEC RISK ADVISORY

Philipp
AEBLY

CEO
RepRisk

Dr. Andrea Bonime-Blanc is Founder/CEO of GEC Risk Advisory, a strategic governance, risk, ethics and cyber advisor, board member, and former global executive at Bertelsmann, Verint and PSEG. She serves as Independent Ethics Advisor to the Financial Oversight and Management Board for Puerto Rico and Start-up Mentor at Plug & Play Tech Center. She is Life Member of the Council on Foreign Relations, Governance Leadership Fellow/Faculty at the National Association of Corporate Directors and a professor at NYU. Andrea speaks internationally (including at Davos and the OECD), and is author of numerous books including The Reputation Risk Handbook (2014), Emerging Practices in Cyber Risk Governance (2015), coauthor of The Artificial Intelligence Imperative (2016) and Gloom to Boom: How Leaders Transform Risk into Resilience and Value (2019). She holds a PhD in Political Science and Juris Doctor (in Law) from Columbia University, was born and raised in Germany and Spain and lives in New York City.

Dr. Philipp Aebly is CEO of RepRisk and previously held the position of Chief Operating Officer and Managing Partner. Before joining RepRisk in 2006, he served in various managerial positions across Europe at Amgen, a global biopharmaceutical firm, and worked on a broad range of international assignments with the Boston Consulting Group. Philipp holds a PhD in Environmental Physics and a Master's degree in Climatology from the Swiss Federal Institute of Technology (ETH) in Zurich, Switzerland. Philipp is a member of the Global Advisory Council of Cornerstone Capital Inc and of the Business Advisory Board of the Swiss Peace Foundation. He was on the Board of Swiss Sustainable Finance and on UNICEF's Advisory Board during the launch of UNICEF's Children's Rights and Business Principles.

RepRisk and GEC Risk Advisory have also coauthored a series of ESG, Environmental, Social and Governance Reputation Risk Reports

You can download one of their former Joint Special Report on Tesla Motors [here](#)

Do not hesitate to contact them for further information.

MEET OUR SPEAKERS!

Emmanuelle HERVE
CEO & founder of EH&A

*Chairwoman of the AFNOR and the ISO Committees dedicated to the on-line reputation,
Active member of the safety committee of CIAN (French Council of Investors in Africa),
Field expert of UNIDO
(United Nations Organization for Industrial Development),
Crisis communication expert BFM TV*

**New paradigm in crisis communication:
the social license to operate**

How to maintain trust from all stakeholders at the time of the crisis?

Concrete advices based on 10 years of crisis management experience.
Using several business cases such as Lactalis, Renault, Facebook but also Elgin, Fukushima or Sony.

Emmanuelle will explain what has changed in the recent years.
GDPR, FCPA, Sapin! etc... can lead to very sensitive situations for both the CEO and the brand, how can we anticipate ?

Session on Thursday 16 May 2019

Speak4Impact with Cecile @CecileBastienRe · 18 mai
#Riskin19

What made this moment so special was the organizers caring about bringing quality, value and thought provoking contents to the 200 European #risk professionals who attended the #event.

Thank you for giving me the opportunity to share the road map to #resilience.

Traduire le Tweet

A white humanoid robot, resembling Pepper, is shown in a social setting. It holds a tablet in its right hand displaying a menu with items like 'Sandwich', 'Salade', 'Boisson', and 'Dessert'. Its left arm is extended towards a person. The background shows other people and a table with a blue light effect.

The poster is a hand-drawn illustration on a whiteboard background. At the top left, it says 'by Julian Bessenroth'. The main title is 'MAKING Risk Management obsolete' in large, bold letters. To the right, 'Risk-In' is written in a stylized font. The poster contains several diagrams and text boxes. A thought bubble at the top left says 'It has to be simple! make it part of what you DO'. A diagram of an airplane is labeled 'With Risk Management' and 'Risk is a Partner'. A thought bubble at the top right says 'Don't think about Risk Management'. A diagram of a balance scale is labeled 'Opportunities' and 'Threats'. A diagram of a person climbing a mountain is labeled 'Risk is a Partner it helps you to do your Job better'. A diagram of a person at a computer is labeled 'Follow up on your Decisions stick to your Plan'. A diagram of a person at a computer is labeled 'Have a Realistic Plan'. A diagram of a person at a computer is labeled 'Integrate Management of Risk into your daily business'. A diagram of a person at a computer is labeled 'Talk to them'. A diagram of a person at a computer is labeled 'Bring New insights for your business'. A diagram of a person at a computer is labeled 'Change'. A diagram of a person at a computer is labeled 'Mistake'. A diagram of a person at a computer is labeled 'Risk-In'.
